

Consolato Generale d'Italia
Parigi

WARNING

In case of forged documents produced by foreign nationals for the purposes of obtaining an entry visa shall always been reported to the Italian Judicial Authorities by the diplomatic or consular mission (art. 331 of the Criminal procedure Code). This applies both to the forgery of Italian documents and documents of foreign origin that are in any way used in support of a visa application.

In the event that the Diplomatic/Consular Authorities are acquainted with any fact, situation or condition that would have prevented the grant of an entry visa that has already been granted, they must issue a formal revocation measure.

Please also be aware that **urgency visa fee does not exist** and therefore any additional cost for speed up the application cannot be collected.

We also inform the applicants that no agency in France is authorized to collect or process visas applications.
